

# MODEL CE5703 XHD **SCRAP CHOPPER**

**Heavy Duty Scrap Chopper Designed for the Toughest Linear Recycling Challenges**

**The Model CE5703 XHD Scrap Chopper is designed to meet the toughest linear recycling challenges and is especially suited for processing high volumes of ACSR and multi-strand communications cable.**

Unique front opening feedworks, taper-lock flywheel/shaft assemblies, and high-performance bearings make the CE5703 XHD a remarkably tough chopper that is easy to service and maintain even when used in high-production environments. The CE5703 XHD is widely recognized in the industry for pre-chopping reeled cable off the spool and can be tuned to virtually any linear scrap chopping application—delivering exceptional power and quick payback.

#### **Material Reference**

When coupled with Sweed's Magnetic Separator, the CE5703 XHD becomes an effective ACSR processor. The CE5703 XHD ACSR separation system is designed for companies producing over a million pounds of ACSR scrap a year and has very attractive payback!

#### **CONSTRUCTION FEATURES**

- » Magnetic starter
- » Footswitch controlled air activated feedworks
- » Knives can be rotated (3 additional times) for extended life
- » One year warranty

# MODEL CE5703 XHD

## PRODUCT SPECIFICATIONS

PERFORMANCE DATA	
<b>Electric Motor Power</b>	22.3 – 44.7 kW Flywheel Motor Options
<b>Electrical Infeed Motor</b>	1.5 – 3.7 kW Infeed Motor Options
<b>Infeed Speed</b>	0 – 60 meters per minute
<b>Cut Length</b>	Variable
<b>Infeed Opening</b>	165.1 x 63.5 (mm)
<b>Electrical</b>	3 PH - Multiple voltages available
<b>Weight</b>	4536 kg
<b>Number of Stationary Knives</b>	1
<b>Number of Rotating Knives</b>	1, 2, 3, or 4

### Material Reference

The recommended model of scrap chopper is determined by scrap size, scrap volume, and requested custom features. Please consult a Sweed representative to determine the appropriate scrap chopper for your application.

- » Up to 50 mm x 1.1 mm domestic steel banding with clips
- » Bailing Wire
- » Ferrous & Non-Ferrous Wire
- » Electrical Multi-Strand Wire
- » Copper and aluminum tubing
- » ACSR (Aluminum Cable Steel-Reinforced)
- » ACSS
- » CCTV
- » Armored Cable
- » 750 MCM
- » URD
- » Other jacketed and non-jacketed wire and cable
